Improvement Project for High Desert's Gazebo

Date: Sep 8, 2025

Time: 8:30 AM - Noon

Address: High Desert Trail Head Parking Lot, Carbon Coal Rd. Northside of Gallup
Bring your lunch.

Volunteers will have the chance to make a significant impact on High Desert's trail gazebo through a variety of hands-on tasks. This will involve replacing some existing sheathing to enhance the structural integrity of the gazebo, as well as installing durable metal pro panels to improve its overall appearance and weather resistance. In addition, volunteers will engage in a cleanup effort by removing litter and debris from the parking lot area of the trail, contributing to a cleaner and more inviting environment for all visitors. Join us for a rewarding day of community service and enjoy the beauty of nature while making a difference!
